

# Mount Si High School Military Opt-out Form

Dear Parents/Guardians and Students:

As a courtesy, we are reminding families that Mount Si High School is required by federal law to provide the names, addresses, and telephone numbers of all 11<sup>th</sup> and 12<sup>th</sup> grade students to military recruiters upon request.

However, the law also states that 11<sup>th</sup> and 12<sup>th</sup> grade students or parents may request that the student's name, address, and telephone number not be released to military recruiters without prior written parental consent.

MSSH will release a list of all 11<sup>th</sup> and 12<sup>th</sup> graders and their personal contact information, minus the names of the students on the Military Opt-Out List, to all the military recruiters.

If you do **NOT** want your high school student's name, address and telephone number released to military recruiters, please return this form by the deadline.
