

# Scheduling Model: 4 x 8 Alternating each day

- Maintain the length of the current school day
- Classes shortened on Fridays
- Students take eight 80-minute classes per year that meet on alternation days throughout the school year  
1 credit = 130 hours
- Students are in four classes each day
- Total of 8 credits earned in one year
- Available slots/credits over 4 years = 32 slots/credits
- Need to increase graduation requirements
