

Using Aetna DocFind to Search for a Provider

1. Go to <https://www.aetna.com/> click on Find a doctor at the top of the page.
2. Search 1 or 2 ways: (**Member** or **Not a Member**)
3. Searching by **Member**
 - In the center of the page, under **Already a member?...**, click on [Find providers](#) or [Find a pharmacy](#) you will be prompted to enter your user name and Password on the Secure Member Log-in page.
 - **A General Provider Search Example**
 - Select [Find Care](#)
 - On the **Find Care** page, select whom the search is for

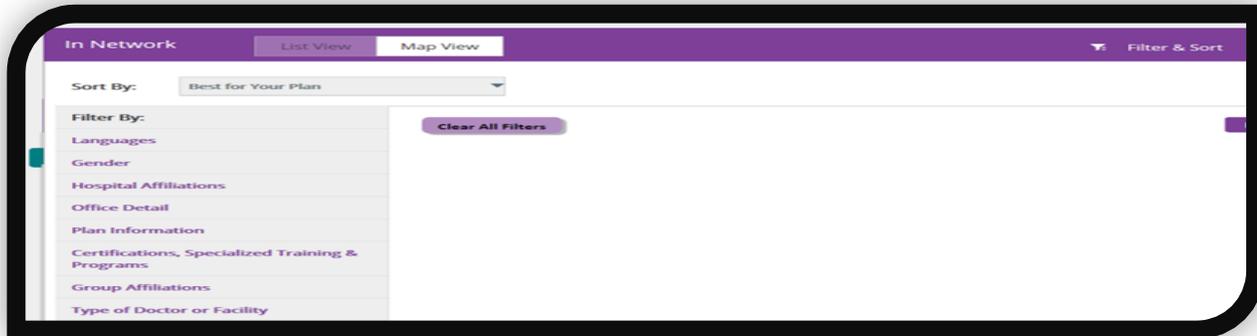

- After selecting the **member** enter [who or what you are searching for](#) or choose from the [Find what you need by category](#) section.
- Continue selecting your preference until a list of providers/facilities appear
- The search results tend to start very broad so that you can narrow them down by using the **Filter & Sort** option located in the purple band in the middle of the screen

If you'd like to filter search please select the choices on the left side of the screen under **Filter By** and/or **Sort By**:

- Proceed by selecting options you prefer to narrow the search

- Clicking on a provider's name will tell you where they are located, what languages they speak, other providers they are affiliated with, etc.

4. Searching by Non-member

In the center of the page, under **Not a member yet?** ..., click on [Plan from an employer](#)

1. Under **continue as a guest...**, [enter home zip code, city, county or state](#) then select the [parameter of miles](#) for the search. Click the **search** button.
2. A **Select a Plan** page will appear.
3. Under **Select a Plan...**, choose [\(WA\) Aetna Whole Health – Puget Sound Managed Choice/Choice POS II](#) Click the **Continue** button.
4. Under the **Directory of Health Care Professionals** page enter [doctors' name or type of doctor](#) or [select the category then type of doctor](#).
