

SNOQUALMIE VALLEY SCHOOL DISTRICT #410

Sealed Bids #2021-02 for

MSHS – VIRTUAL DISSECTION TABLE

will be received by the Snoqualmie Valley School District until:

MONDAY, FEBRUARY 22, 2021 @ 2:00PM

at which time they will be opened and read aloud.

Scope of Work:

This specification covers the requirements of the supply of one (1) virtual dissection table with 3D interactive anatomy visualization systems to Snoqualmie Valley School District [District] with all associated software & protective hardware for vertical storage. The virtual dissection table will be used at Mount Si High School for various courses offered in the high school curriculum. The technical requirements given here are only indicative and not descriptive and the supplier shall ensure that the equipment supplied are complete in all respects to serve the purpose. The District reserves the right to reject proposals which are incomplete; and has the right to waive informalities. The District will review any substitutions and/or alternatives but has the right to reject and/or accept.

Equipment:

The equipment shall be new and unused. Equipment should be made from standard materials that meet or exceed all requirements. All technical requirements listed below are as listed as a minimum and/or equal. Vendors are to provide detailed specifications of the equipment proposed. Cost proposals should include WA State Sales Tax.

Equipment must also include delivery to Mount Si High School. This includes, unpacking and inspecting the equipment, readjusting as required, assembling as required, and the disposal of packaging materials.

QTY	EQUIPMENT	DESCRIPTION
1	Virtual Dissection Table	3D interactive anatomy visualization system for education. Convertible table with vertical and horizontal orientation.
