Twin Falls Middle School Expectations

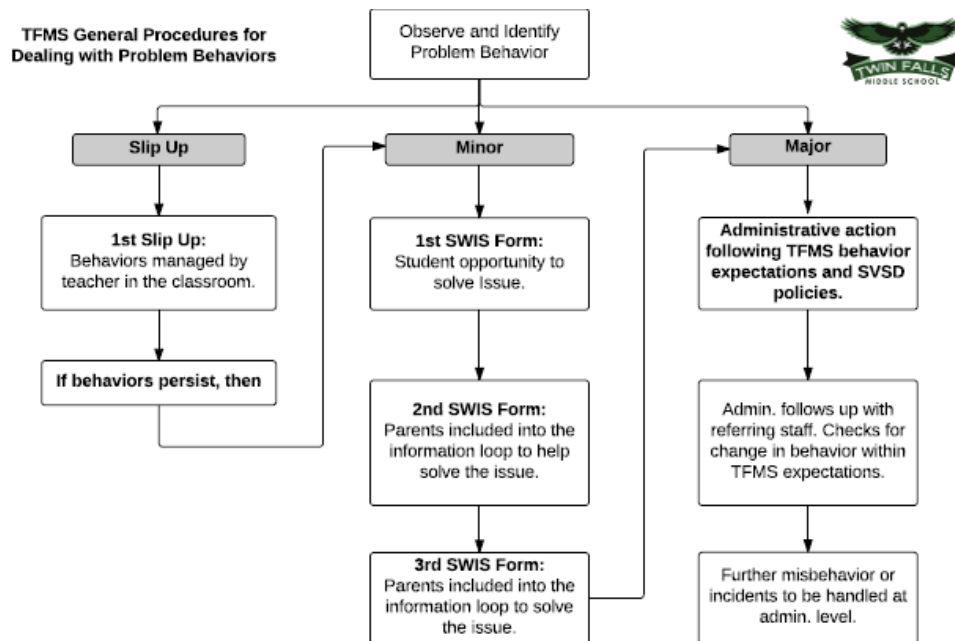

At TFMS we implement a school-wide system called Positive Behavioral Interventions and Supports (PBIS). Our focus is to teach and reinforce positive behaviors to students. Through PBIS, we will work to create and maintain a safe, accepting learning environment in which all school community members have clear expectations and understandings of their role in TFMS' educational process.

The TFMS PBIS system consists of the below features:

- Defining behavioral expectations within our P.R.I.D.E Behavior Expectations matrix (See next page)
 - **P**romote safety

Conduct: Civility Policy, SVSD #4011

The Snoqualmie Valley School District Board of Directors encourages administrators, faculty, staff, students, volunteers, parents, and other community members to participate in maintaining a clear expectation of civil conduct and problem-solving throughout the school district. The Board does not condone uncivil conduct on school grounds, at school-sponsored activities, or online, whether by staff, students, parents, volunteers, or other District visitors.

The basic purpose of this policy is three-fold:

- 1) To promote a work and learning environment that is safe, productive and nurturing for all staff and students, and to encourage the free flow of ideas without fear or intimidation;
- 2) To provide our students with appropriate models for respectful problem-solving; and,
- 3) To reduce the potential triggers for violent conduct, such as fear, anger, frustration and alienation—especially by making problem-solving procedures and alternatives to violence readily accessible to both youth and adults who need them.

The Snoqualmie Valley School District's civility policy can be found on the district website at <http://svsd410.org/districtinfo/>.

Students using or in the possession of tobacco products &/or paraphernalia will be assigned school consequences that may include suspension, referral for an educational intervention, or referral for a substance use assessment (multiple offenses). Twin Falls Middle School is committed to a safe and civil educational environment for all students, employees, volunteers, and patrons; free from harassment, intimidations, or bullying. The Snoqualmie Valley School District's harassment, intimidation and bullying policies can be found on the district website at

“Harassment, intimidation, or bullying” means any intentional written, electronic, verbal, or physical act that:

- Physically harms another student
- Damages another student’s property
- Is so severe and persistent that it creates an intimidating or threatening educational environment, or
- Substantially disrupts the orderly operation of the school

Harassment or bullying can take many forms, including: jokes, rumors, pranks, gestures, physical attacks, threats, or other written, oral, or physical actions. Harassment or bullying can be about many characteristics, such as: race, color, religion, gender, sexual orientation, mental/physical disability, clothing, appearance, physical appearance, and many more. (RCW OA.36.080(3))

At Twin Falls Middle School, our practice for handling harassment and bullying is for students to report to staff members if they are being bullied and/or harassed. We use teaching as a strategy for increasing student awareness about harassment. We attempt to work with students in a cooperative, problem-solving manner whenever possible. We may use mediation as a method to resolve conflicts between students, and teach students the social skill of assertiveness. Depending upon the specifics of the report, the following options may be considered: increased supervision, administrative warning, parent contact, official documentation, administrative discipline, and or referral to law enforcement.

Any person who insults or abuses a staff member anywhere on the school grounds while the staff member is carrying out his/her official duties shall be guilty of a misdemeanor. This crime has a fine of not less than \$10.00 or more than \$100.00 (RCW 28A.635.010).

Sexual Harassment is defined as “unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- Submission to such conduct is made either explicitly or implicitly as a term or condition of a student’s participation.
- Submission to or rejection of such conduct by an individual is used as the basis for the student’s participation or decision affecting the student.
- Such conduct has the purpose or effect of unreasonably interfering with the student’s school performance or creating an intimidating, hostile or offensive environment.

All schools and school districts are responsible for enforcing the state’s Bullying law.
