

What is the purpose of this compact?

Teachers, parents, and students working together for success.

Snoqualmie Elementary School believes that significant learning by a student is more likely to occur when there is an effective partnership between the school and the student's parent/guardians.

Such a partnership means a mutual commitment to help children achieve the State's high standards and gain the necessary skills to prepare for college, career, and citizenship. Together we agree to:

- Set educational goals for students
- Create a plan to accomplish those goals
- Communicate progress in accomplishing the goals.
- Share strategies to help students be successful
- Provide opportunities for parents to volunteer and participate in the classroom
